Product Overview:

- The acoustical felt is made from recycled material which is certified in accordance with the requirements of Global Recycle Standards (GRS). The wood slats are made from Medium Density Fiberboard (MDF) board which is certified by Forest Stewardship Council (FSC).
- The base of the product consists of a 3/8" thick polyester panel and the surface consists of 1/2" thick slat MDF board. These slats are 1-1/16" wide and each slat is about 17/32" apart.
- It can improve the sound quality and elegant feel of any interior space. The wooden slat panel can be used on both walls and ceilings, aided by their ease of installation, when this is combined with the range of colors it creates a multitude of possibilities.

UNIKOO LIMITED WARRANTY:

- UNIKOO warrants its commercial hardware for a period of 1 year from the date of purchase. UNIKOO commercial hardware is warranted against material and workmanship defects.
- All warranty claims are subject to inspection by UNIKOO before providing a resolution against the warranty claim.
- This warranty is void if it is determined after UNIKOO inspection that the Hardware has been improperly installed and/or maintained in a manner not conforming to UNIKOO guidelines and instructions provided at time of purchase.
- UNIKOO's responsibility to provide a resolution under said warranty will be limited to a refund of purchased price or provide a replacement for the hardware.
- The refund or replacement will constitute UNIKOO's limited liability and obligation for any and all defective material/workmanship for said warranty claim.
- THIS WARRANTY IS EXCLUSIVE AND UNIKOO MAKES NO OTHER WARRANTY, EXPRESSED OR IMPLIED.
